## Foreign News.

PARIS, May 16.—A decree has been published announcing Duke de Grammont, Minister of Foreign Affairs; Jacques Philippini Mege, Minister of Public Instruction; Charles Ignace Pliechon, Minister of Public Works. The Emperor's health is excellent. The list of fathers opposed to infallibility now numbers over 100.

MADRID, May 16.—In Cortes, Saturday, a Republican deputy, made a speech wherein he spoke of insurrection as still existing in Cuba, notwithstanding the reported statement on the part of the Government that it had been terminated. Senor Monet, Minister for the Colonies, replied at some length, persisting that the insurrection is really ended. Predatory bands of insurgents are still in Cuba, and some skirmishes have lately occurred, but entire order would soon be restored. Official news from the Captain General, DeRodas, gives universal satisfaction.

LONDON, May 16.—Fifty persons from Birmingham, with plenty of money, were arrested as Fenians.

Motly and Clarendon have signed the naturalization treaty.

## Domestic News.

FORT SCOTT, May 13.—An account of the most diabolical affair ever recorded is published in to-day's *Monitor*. On Tuesday seven men, either Texans or outlaws from Indian Territory, came to the town of Ladore, a few miles South of here. After drinking all day they went to the boarding house of J. N. Roach and asked to stay all night. Being refused on account of their drunken condition, one of the party knocked Roach insensible with a revolver, and then went to the bed occupied by the two daughters of Roach, aged twelve and fourteen years, and ravished them during the entire night, using a knife to accomplish their purpose. Roach revived after a time, but feared to stir, knowing he would be killed if he did. He describes the cries and entreaties of the girls as heart-rending. A quarrel arose among the demons and one was shot dead while satisfying his lust. At daybreak the party fled, one taking with him to the woods the youngest girl. The town was immediately aroused and parties started in every direction in search of the fiends. The one with the girl was soon overtaken and hung to a tree. Two others were found secreted in town and were hung to the same tree. The remaining three were also captured. Two of them were hung. The other one at last accounts was in custody of the citizens, but will probably share the fate of his companions.

WASHINGTON, May 15.—Quartermaster-General Meigs has issued an order to officers in charge of national cemeteries, instructing them to make all necessary arrangements, and afford proper facilities for the decoration of Union soldiers' graves on the 30th of May. He has furnished a copy of this order to the Grand Army of the Republic, thus officially recognizing, for the first time, the existence of that organization.

The Cabinet, on Friday, decided against allowing the Big Horn mining expedition to start, until after conference with the hostile chiefs now on their way here. Gen. Augur, commanding the department of the Platte, has been instructed to carry out this determination.

CHARLESTON, May 16.—Arrived—steamer Tennessee, New York; brig C. C. Colson, Boston; steamship J. W. Everman, Philadelphia.

LA CROSSE, WISCONSIN, May 16.—A boy dropped a lantern near a leaking barrel of kerosene, on the steamer War Eagle, when it exploded, and a conflagration occurred, destroying the vessel, the Milwaukee and St. Paul Railway depot, and an elevator, with its contents. The passengers on the War Eagle escaped by jumping into the river; two lives were lost.

WASHINGTON, May 16.—Congressman Pierce, from the Fifth Mississippi District, nominated a negro to West Point. 3 P. M.—In the Senate, a bill granting public lands in Alabama to the Deatur and Aberdeen Railroad, passed. In the House, bills were introduced, granting lands to the New York and Norfolk Railroad; for improvement of the Tombigbee River; to not exclude women from Census Marshals; constructing a bridge across the Ohio, at Metropolis, Ill.; granting lands for a railroad from Mississippi to the Arkansas River, along the thirty-fifth parallel. The House refused to order the Reconstruction Committee to report a bill for a general amnesty, by a vote of 51 to 78.

The House postponed the tariff bill until after the passage of all appropriation bills, which is equivalent to an indefinite postponement. The report from the Ways and Means Committee, of a partial internal revenue bill, repealing most of the special taxes on gross sales, etc., was received. Also, to reduce the income tax to five per cent., the exemption being raised to \$1,500, and a bill was reported from the Judiciary Committee to protect the colored population in the exercise of suffrage, providing pains and penalties against any State officers or individual citizens who attempt to prevent the exercise of that right. The usual large number of bills were reported and referred. The internal tax bill will come up for action early next week.

Internal revenue receipts to-day, \$1,250,000.

The new San Domingo treaty was not sent to the Senate to-day. It is stated that the House Committee on Foreign Affairs favors subsidizing the California and China cable at \$500,000 per year for twenty years.

The Secretary of State requests the Governor of Michigan to prevent armed expeditions from passing Salt St. Marie Canal toward the Red River country, without express permission from Washington.

The Freedmen's Bureau-Howard corruption investigation is still in progress. Nothing tangible has transpired. The new internal revenue bill was reported to-day. It takes taxes off of nearly everything, except fermented liquors, distilled spirits, tobacco, cigars, and stamps; and income tax on sales, except on liquor dealers, is abolished, also taxes on legacies and successions of gross receipts from railroad corporations, etc., though the tax on receipts of theatres and lotteries is retained. The income tax is fixed at five per cent., with an exemption of \$1,500; but all the inquisitorial features of the tax bill are abolished. The tax on gas, pianos, carriages, watches, &c., is done away with. A tax of three per cent. per annum is levied on all public monies deposited in banks. The amount reduced is about \$33,900,000.

The Grand Army of the Republic have designated their officers to superintend the decoration of the Union soldiers' graves at Andersonville, on the 30th of May.

ST. LOUIS, May 16.—The Indians attacked a working party on the Kansas Pacific Railroad between Kit Carson and Willow Springs. Ten men, belonging to the grading party, were killed.

NEW YORK, May 16.—Gov. Hoffman vetoes the Arcade Railroad bill, which proposed to run under Broadway.

TORONTO, May 16.—Troops continue to leave for Red River. The gun-boat Reseno leaves for St. Maries River, as cautionary against Fenians.

## CINCINNATI PRODUCE AND PROVISION MARKET—Reported by Morris & Reid, Provision Brokers—CINCINNATI, OHIO, May 11, 1870.—Provisions—mess pork is in fair demand and firm, but other articles quiet, and, where changed at all, are easier. There is, however, no pressure to sell, and the trade generally seems to retain confidence in the future. Mess pork—city packed of heavy overweight was inquired for at 29.50, but held at 29.75; country quoted at 25 @ 50c. below city; rumps 23 @ 25.00, as to quality. Bulk meats—shoulders not saleable over 11 1/2, but held at 11 3/4 loose; rib sides will not bring over 14 1/2 loose, but held at 14 1/2, and by some even higher; clear rib sides quoted at 15 1/2 loose on spot, but are offered at 15 1/2 at interior points; clear sides nominally 15 1/2 loose. Bacon—shoulders held at 12 1/2 packed, but a sale was recorded at 12 1/2; clear rib sides can be bought at 16 1/2 packed, and are dull at that; clear sides in fair demand, at 17 packed, but held 1/4 @ 1/4 higher. Lard—city kettle leaf can be bought to some extent at 16 in tiers, though not offered at less than 16 1/2; country held at 16, but nominal; prime steam nominally 16; greases 7 1/2 @ 12, as to color. Corn—market opened strong, but under liberal offerings to arrive, and closed quiet and dull; sales were made at 1.05 for ear, and shelled, on spot, but more offered at this than was sold; sales 1.03 to arrive, sacks 10c. per bushel more. Oats—holders asking higher prices, but buyers slow to follow the advance; rejected 55; No. 2 57; No. 1—mixed 69; white 61 @ 62 per bushel of 32 pounds; sacks 5c. per bushel more.

ENGLAND, GREECE AND THE EAST.—Cable telegrams from London and Vienna inform us that Great Britain is about to investigate the circumstances attending the late murders of her subjects, by a special commission. This is right, proper and honorably national. John Bull is also, as we are told from Austria, about to constitute himself the grand police officer of the East, and in that capacity "clear Greece of brigands," providing abdication. This is serious. There are no instances of temporary abdications now-a-days. A king out of sight is a king out of mind. The Eastern question is looming up darkly. England once in Athens would be a great power on a grand pivot, with a fulcrum and leverage almost irresistible on either side.

HOGS DESTROYED BY FIRE.—The hog pens attached to J. W. Gaff & Co.'s distillery, at Cincinnati, were consumed by fire on Wednesday morning, and about 3,000 hogs were destroyed. The squeals and shocking cries of the animals were heard one mile and a half. The pens belonged to Gaff & Co., and were valued at \$20,000, on which there was no insurance. The hogs were the property of Sadler & Co., whose loss was about \$55,000, and insured in home companies for \$15,000. The entire loss was \$75,000.

Mr. Solomon, desirous of extensively introducing the "Old Carolina Bitters"—it being a most excellent tonic as well as a pleasant beverage—keeps an urn constantly filled on his counter, for the convenience of all persons desirous of testing their virtues before purchasing. This preparation has been extensively used by some of the principal families in the State, who guarantee its purity and efficacy.

An English Parliamentary reporter concludes his report with: "A petition was presented for the North Dublin Union, praying for the repeal of the Union between England and Ireland, when, there being no business of importance before the House, their Lordships immediately adjourned."

At a Fenian council held at the Astor House, New York, yesterday, those final arrangements for the invasion of Canada were concluded.

ROSKOO.—The *Norfolk Daily Journal*, of December 11, 9 ays:

"This medicine is rapidly gaining confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for IMPURITY OF THE BLOOD, LIVER DISEASE, &c."

The last *Medical Journal* contains an article from Prof. S. Newton, M. D., President of the E. Medi-College, city of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Roskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the Medical Colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Roskoo" in the van of all other medicines of the present day.

WHY WILL YE DIE?—Death, or what is worse, is the inevitable result of continued suspension of the menstrual flow. It is a condition which should not be trifled with. Immediate relief is the only safe-guard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the "courses," Dr. J. Bradfield's FEMALE REGULATOR is the only sure remedy. It acts by giving tone to the nervous centres, improving the blood and determining directly to the organs of menstruation. It is a legitimate prescription, and the most intelligent Doctors use it. Prepared by L. H. Bradfield, Druggist, Atlanta, Ga., at \$1.50 per bottle and sold by respectable Druggists everywhere. OPINION OF THE PRESS.—We take pleasure in calling the attention of our readers to a very remarkable medicine, a notice of which appears in the *Observer* this morning—Heinitz's "QUEEN'S DELIGHT." There must be something in it, for we hear it spoken of as a preparation of much merit, and we prepared by Dr. Heinitz himself, of distinguished pharmaceutical reputation. The euphonious sobriquet, "QUEEN'S DELIGHT," has in itself an attraction which should commend it to our lady friends in need of so excellent a medicine, and we suppose all would be benefited by its use. For sale by FISHER & HEINITZ, Druggists. A24
